

# InternetNZ – about us, activity plan and issues update

Jordan Carter  
Chief Executive of InternetNZ

11 May 2016

# InternetNZ

*A better world through a better Internet*

- ccTLD manager for .nz
- Policy/Issues work
- Community work
  - Partnerships and Funding
  - Events
- International work
- Membership organisation

# InternetNZ

- Fourteen FTE staff by mid-year
- Total budget around \$4.3m
- Established 20 years ago
- Two subsidiary companies operate .nz
  - NZRS – Registry and DNS
  - DNCL – Policymaker, regulator, dispute resolution, authorise registrars

# Ways we work

- Funding:
  - Grants rounds
  - Partnerships
- Policy/Issues work:
  - Own initiative
  - Collaborations with others
- Organisational support
  - MOUs (e.g. NZNOG)

We have an  
ambitious and  
focused activity plan  
for 2016/17

# New: focus areas and key projects

1

## Access to the Internet

Mapping and solving digital divides

Internet infrastructure – the Telco Act review

2

## Use of the Internet for everyone's benefit

Protecting creative potential  
– the Copyright Act review

Sharing stories about innovative Internet use

3

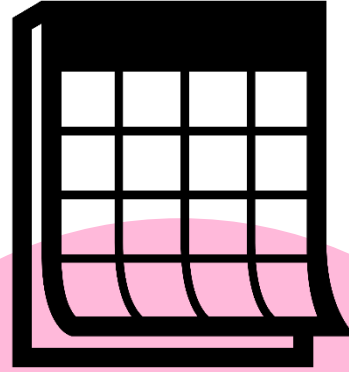

## Identity, privacy and security in the Internet age

Controlling your data online

Improving the security of data online

Expanded  
community funding  
for grants and  
partnerships (up by  
20% to \$600,000)

New approach to  
NetHui: **three  
regional events** in  
2016 and a classic  
national event in 2017

Leading the creation  
of an Oceania  
**School of Internet  
Governance** for the  
region

Ongoing baseline work in  
our Issues, Community  
and International  
Programmes

**Doing the basics right** in  
order to better New  
Zealand's Internet.

**Boosting our  
communications** and  
operations capacity, while  
keeping costs down, to  
improve our community  
outreach to all stakeholders,  
members and the general  
public.

## ISPANZ: Cross-over issues

- Telecommunications Act Review
- s30R review on UBA terms
- UFB and RBI - deployment process & customer / ordering
- TPP Implementation – TPMs

What else?

How can we help?

**InternetNZ**
